To Whom It May Concern:

I am pleased to express that the Nevada State Fire Marshal's Division has reviewed and distributed the Fire Safety Interactive CD produced by FireFacts.org. We have found that the CD content is very educational and the interactive function is a great feature which assists in a classroom teaching setting. The Nevada State Fire Marshal Division staff recently used the CD in an elementary school fire safety presentation with great results and received positive comments from the school staff.

We appreciate the work and effort that FireFacts.org has put into making these fire safety CD's a great tool in assisting with fire prevention education.

Yours in fire safety,
