

Agent Greg Collier of Springdale, AR held a FireFacts assembly at Robert E. Lee Elementary on May 1st. Kids from grades K through 5 participated in the event and took home FireFacts CDs. Members of the Springdale Fire Department brought fire trucks and parked beside the Farmers CCV. After the assembly, each grade went outside to take tours of the fire trucks and the CCV.

In addition to facilitating the FireFacts assembly, Greg went above and beyond, donating \$1,000 to the school. He presented the check to the principal and to the Student Council Officers from the elementary school during the assembly to a rousing ovation. He has also sponsored the elementary after-school soccer teams and purchased game jerseys for over 80 students to wear. Greg is a fantastic example of an agent doing business **The Farmers Way**. He is really looking forward to being able to present a check to the PTA at Lee Elementary.
